Dear Randall:

OTT@CUA.edu

I have no words enough to thank all of your details of delicacy and attention with me. It is not so usual to have a group of so nice people around.

Your professors, Julio and everyone, are very good. And your students ~~are~~ have a very high level.

And the building is very adequate for a school of Architecture.

You can be proud of everyone and everything.

On the other hand I received your check (27) thank you a lot.

I'll come back to Washington on December 9 to 12 for final critics.

I hope you decide sent a book, with my writings.
