Ho comparado queste Stabils

9 settembre de
Gennaro Andrea: 2011/
He estado esta mañana en el
pasado parte del
Panteon. Al principio el día era
vachante y el sol ya había puestrado
por el óculo posándose, al principio
tímidamente, sobre los casetones del
interior de la cúpula. Cuando me
he marchado, casi al mediodía, la
mancha de luz, bien definida ~~pequeña~~
sobre la fuente geométrica, había cre-
cido bastante y había recorrido
ya un gran trecho de su acostumbrado
paseo. En este tiempo, largo y corto,
suspendido, he llorado, he llorado
sin la prima, y he vuelto a llorar. -
No he podido en queda con el Panteon
